

# Construction Management Services

Ameriflora — Site

Melanie Bunstine, Director of Construction Services for Baker & Associates, Architects participated in the Construction Management\* of AmeriFlora, the only International Floral and Garden exhibit in North America. The project included over 60 separate buildings.

While working for a joint venture between Ruscilli-Smoot, she was involved in the Construction Management of projects worth over \$90 million. She was the liaison between AmeriFlora and the City Building Department, obtaining permits and approvals for all projects.

Ameriflora — State of Ohio Exhibit

Ameriflora — Taste of Nations

\*Work performed at previous firm.
